

An Extraterrestrial Perspective on Earth

According to Collier, the Andromedans remind us that unless we can learn to live responsibly in peace and love, the human race will become extinct.

Although many elements contained within this December 1995 lecture by ET contactee Alex Collier are unverifiable, this material is so highly interesting that it demands presentation. Relate it to other material and decide for yourself. Together with other information in existence, it appears to have a bearing on the immediate future of planet Earth and all its inhabitants.

Vibrational Changes and Self-Responsibility

AC: We are being told that there are too many people on the planet. According to the Andromedans, if we didn't waste our natural resources, the planet could hold a population of 11 billion. Now, a planet with 11 billion spiritually-awakened people cannot be controlled. Such a scenario would change the harmonic frequency of the planet, the solar system and the galaxy. That vibration would be love, and the bad guys don't like that. It all starts here.

We are being told that there are too many people. It's a lie. Our leaders are so corrupt that the systems they have are breaking down. Instead of acting responsibly, releasing control and letting people take more self-responsibility, the corrupt leaders in the world want to kill off most of the population in an attempt to maintain the status quo.

So, who is the real power here? Us! Few people want to stand up and 'claim their space'. Why? Because in order to do so, you have to be self-responsible. That means you have to learn to depend on yourself, clothe yourself, feed yourself, do something for yourself. We have to make some fundamental changes. We will have a solution if we put our heads together. If anyone says, "I am here to save you and I have all the answers!", you had better turn your back and walk the other way.

Q: What about the beings from the Sirius B system?

AC: Some of them are human, and they have eyes like cats. Their skin is grey. They have long, straight red hair. Many of them wear full body garments that cover their heads. They have extremely bad breath.

Q: Do they mate with humans?

AC: Yes, but the eggs need to be altered in a lab. They are using us. They want the encoded information in our genes. We have racial memories and abilities in our physical bodies. We are moving from third to fifth density. It is the first time it has ever been done, and we can do this because on a soul level we are the Paa Tal. We have the genetic coding of 22 different races in our bodies. When our DNA starts to unlock, we will be able to speak to ETs in their own tongue. We cannot be lied to any more. We will be able to create and manifest anything. That takes some responsibility.

Those who are stuck on manipulation and control will manifest exactly what they desire. This means that there is a very heavy responsibility when it comes to what is behind your intent to create. If you screw up, it's going to hit you almost immediately.

Our Solar System at Fifth Density

The Andromedans say we have 13 planets in this solar system. When we move into fifth density, it will become apparent that there are 27 planets in our solar system. They are already here but on another dimensional frequency, which is why we don't see them at present. When we get to fifth density, it will be evident that Jupiter is a sun, which means at that level we will have a binary star system. Jupiter, in fifth density, is light blue.

I am told that in 1,000 years, the fifth density future generations of us that will incarnate on the fifth density physical dimension will have light blue skin because of this sun.

The Space of Fear

My understanding is that as you move into a space of fear, you are automatically a victim; you put yourself at a disadvantage, and you literally draw that experience to you, because those that are trying to suppress you will want to feed off the energy. The only reason that fear exists is because we allow that idea to feed off us.

Morenae said this to me in 1991: "In your time and space, the expression of fear will be a challenge to you all. For any of you to be in fear, you lack a clear understanding of most situations. We have observed that your world is at a most confused point in your history and evolution."

Now, folks, some of these lines may not make sense, but it was exactly the way Morenae said it. He and Vissaeus don't know English very well, but they are doing the best they can to express themselves.

Morenae continued to explain: "We understand your remarkable drive and commitment to being alive. We, however, are not understanding of your need to create tools of death, expecting they will keep all in a space of understanding and peace. We have observed that you build, create and plan in a space of fear, not in a consciousness of love. So, your defence position of institutions that create and employ is always in a state of unravelling and disintegration. We share this with you because they drain you and your Earth of energy, both spiritually and materially, physically."

"Fear always has to feed. Fear does not create itself. It has to feed. The fear we observe is difficult to understand. It depletes you of your focus on the original intent. It is a very secretive energy. Fear withholds love. This is most saddening to see and feel. How can you share understanding and love when so many of you are withholding from Self and each other? Please, feel the words that we as a race are trying to express to your race."

"One of your original intentions in creating your physical reality is the idea of creating and learning to manipulate and express yourselves through physicality using your consciousness. It is your consciousness that the Is-ness has given you, and in fact all things that bear Spirit. It is this gift that has been clouded and, most importantly, clouded by fear. This creation is completely irrational to who we all are. We have come to understand that withholding love only creates perpetual disintegration."

"We have discovered in our home galaxy the ruins of vast races that were achieving recognition but which have ceased to exist. They destroyed themselves simply because they withheld love. They drained the very life-force out of their intent, and imploded and destroyed their self-creation."

"The first projection of fear is denial—an emotion of incredible restriction. Denial and fear result in the complete opposite of the reality it claims to be. Fear is based, from our perspective, on a misunderstanding of one's own worth and security. Why is this so? We have discussed your race amongst ourselves in Andromeda and we have formed a perspective based on your history."

"Many of your religions have both helped and hurt this process. Some of your world's beliefs have convinced many that they are sinful creatures of Nature. Your science teaches that your physical form is a pool of chemicals thrown together by accident, so that you are all an accident, living meaningless lives of chance."

You fear a God whom a book says is a loving God who will throw you into an abyss for eternity for making a mistake. Many in your world have come to understand that fear—the idea of fear—is their enemy. All of you struggle between understanding and fear, and reason and fear. This struggle is in no way predetermined. Our perception is that this struggle will lead your world to peace and responsibility—or to extinction as a race. This would grieve us. It is time to return as One."

It is really interesting to hear the perspective of how other races view us. If you have been in situations where you detach yourself emotionally, you have a completely different perspective of the situation.

Reincarnated Souls and "Walk-ins"

From what the Andromedans have told me, there are both positive- and negative-reincarnated souls here on Earth. The souls of the individuals Washington, Jefferson, Lincoln, Franklin and Napoleon are back. Three of them have come in with full consciousness and know who they are. I don't know which three. The souls that inhabit the physical bodies of the global banking families are Maldekians, and they know who they are.

This is what Morenae has told me about walk-ins, negative and positive. There are many people on the planet who are world leaders but are not who they appear to be. If you have a gut

instinct about some of these people—which may be hard for the men to express but easier for the women—please honour it.

What the negatives do—and they can do this during an abduction or near-death experience—is the following. During an abduction, a man, for instance, will be taken aboard a ship. His body will be brought into a coma and to the point of death, whereupon the soul exits. They will then use technology to replace the original soul with another soul, and then return the individual's body. They can do this

process in four seconds. The new individual has a completely new agenda. If you are a negatively oriented ET, in order to manipulate third density you have to be in third density. This is how they are doing it. Some choose to be in human form. This is Orion technology, and the regressives need technology to create what humans can do using consciousness alone. That's the fundamental difference.

With the positively oriented ETs there is an agreement with the soul wherein one soul will exchange with another to come here and do good works. The positives are using this extensively right now. There are thousands and thousands of what you call "walk-ins" on this planet. Because they cannot intervene, they have to come in physical form and participate in the process in a human body. Morenae has told me that real walk-ins will not tell you they are walk-ins. They will not, so I don't know who these people are who are saying this. This is their perspective.

The Second Coming and Related Topics

This is a touchy subject, and I have mixed emotions about this. If the Andromedan perspective about many of our religious teachings is true, then we are being set up.

The Greys have the ability to create a clone—something that looks like a human being but is a robot. My understanding is that the only way you can tell between one of these clones and a real

"We understand your remarkable drive and commitment to being alive. We, however, are not understanding of your need to create tools of death, expecting they will keep all in a space of understanding and peace."

human being is if you are clairvoyant and can see the energy field. A clone has no energy field around its body—only a slight white colour around the head, which is the field produced by the micro-processor that has been grown inside the head.

If they do this, i.e., set up a Second Coming, a man will probably be brought out of the clouds, probably on a UFO, and he will look like the man on the Shroud of Turin—which, I have been told by Morenae, was created by the Greys by going back in time and projecting a hologram through it, which is why this image is three-dimensional.

Now, a hologram is real; *we* are a hologram. I know how far out this sounds, but let's face it: the regressives are not 'playing with a full deck' here. We already know that, and there are a lot of people who will do anything to protect themselves because they are oriented towards service to self. I want to tell you that I personally hope this is not true. I don't want it to be true. But if it is, I have a responsibility to share it. So, I am putting this out there and will let you decide.

This being is not the Anti-Christ, who is supposedly another clone. See, they are going to play this thing out because two-thirds of the planet believe it already. They're saying, "Well, let's just fulfill it for them; that will solve their population problem because they'll kill each other. We'll just sit on the Moon and watch this happen." It's really simple if you put yourself in their place. They're saying, "Give humans enough rope and they will hang themselves." We have been fighting about religions forever. I mean, we all agree that we're talking about the same God, but we all still play this game.

Now, this being is supposed to come down and start preaching many of the Hindu philosophies. It will be this clone who is going to ask everybody to surrender their free will. Now, if we can shift planetary consciousness as quickly as possible to a place of love, they will not be able to pull this off. If the Lord is real, maybe he'll get here a lot quicker. See, folks, I just don't know. I just don't know. This is one of the issues where I am confused.

The Andromedan perspective of the Bible is that it is simply literature with historical accounts in it. They say that Constantine was so busy burning the resources of the Roman Empire and stopping religious wars that he decided to create a State religion. He took the religions of the West, which worshipped Isis, and the religions of the East, which worshipped Krishna, and put them together. Isis-Kristos. I don't know about this, because I wasn't there.

I don't want to do the wrong thing, so now I have to question everything. I don't question my relationship to God—I am crystal-clear about that—but I do question the idea that I am not responsible enough to take care of myself. I don't want to put my faith in somebody else when it is not supposed to be there. I want to get this thing right, just like everybody else does. I want to live in peace. I want to live in abundance. I want to raise a family, just like everybody else does. So, I put this information in your care. You do what you want with it.

I am sharing with you what I know and don't know. Look for something really bizarre happening between 31st December 1999 and 1st January 2000 when all the world leaders are due to meet at the Great Pyramid of Giza in Egypt. Count on something really

bizarre happening at that time. We will probably know of ETs and have information from ETs long before then. We may not meet any of them until then, but the next four or five years are critical. They are going to be implementing their plan of domination of free will and self-expression.

Nazi Scientists and Time-Travelling Greys

When the Greys got here they were the front team for the Orion group. They literally could not pierce the membrane we had around our third density creation until 1931. We were not detonating nuclear weapons then, so I asked Morenae what happened.

Apparently some German Nazi scientists were experimenting with time travel and they opened a 'door'. They put a 'crack' in time, and there was a bunch of regressives right there, waiting. I don't know how they knew, but they were right there. So, they came here, into our reality, in 1931. Once they were here, they were able to skip back into time. In our history books the Sumerians, Babylonians and Egyptians talk about "the gods". They were ETs that came into our reality in 1931 and went back and started manipulating mankind!

The Paa Tal

I don't know a lot about the Paa Tal, except that the Andromedans say that *we* are the Paa Tal, who came back down from the 11th density to play this in third density, and that this movement involved 21 other star systems. Our own galaxy here is apparently close to the centre of our 'consciousness universe', as it were. This is why we all seem to be 'lumped together' here. We apparently fell into the concept of time prior to 21 billion years ago, when third density physicality did not exist. The Paa Tal created third density in order to play this game. I don't know whose idea this was, but next time you can count me out! This is what they say, and I have no way of

So this is why so many different races are talking to people, people are channelling entities, and they are all basically giving us the same message: "This is your idea, and we need you to wake up!"

verifying this.

When this third density Universe was first created, we were at fifth density, after having evolved to 11th density. This means we had within us experiences accredited to all these dimensions. We are told that everything is connected in some way. Well, if we evolved from fifth density to 11th and then came back down to third, everything we do here affects everything, all the way up and down. But, because this reality was our idea, our creation, the positives have a hard time figuring out how to help us because *we* set up the ideas involving free will and self-expression. They don't want to come in and make the problem worse, because if they do it will end up affecting them and it will then be their 'fault' as well.

So this is why so many different races are talking to people, people are channelling entities, and they are all basically giving us the same message: "This is your idea, and we need you to wake up!" They cannot help unless they are asked, because then they would be intervening and equal to the regressives that are repressing us. It's a tough situation, and I think God has made a decision about all of this, and I thank God for that. Because now there is a 12th density which is forming, higher than the 11th, and this process is pulling everything up in density.

If the Andromedans are right, then God has made the decision to change the game. We are all coming home. It is as if God

were saying, "I've let you play long enough. You're stuck. I love you, so I'm going to fix the situation." This is great, because we only have 40 years of oxygen left on this planet at this density. So, we have played our game right to the end. We took it as far as we could take it without self-destructing. We are all responsible for this, and we are all going have to stand together.

Our Ancient Heritage

I want to talk to you about Lyrae and how the human race colonised our galaxy. Based on the age of the suns and the planets in our galaxy, it was decided that the human life-form was to be created in the Lyran system. The human race lived there, evolving, for approximately 40 million years. The orientation of the human race in Lyrae was agricultural in nature. We were very plentiful and abundant, and lived in peace.

Then, one day, huge craft appeared in the sky. A large ship came out of the huge craft and approached the planet Bila. Reptilians from Alpha Draconis disembarked. Apparently, the Alpha Draconians and the Lyrans were afraid of each other. I told you before that the Alpha Draconians were apparently the first race in our galaxy to have interstellar space travel and have had this capability for four billion years. Well, when the Draconians saw Bila, with all its abundance, food and natural resources, they wanted to control it.

There was reputedly a miscommunication or misunderstanding between the Draconians and Lyran humans. The Lyrans wanted to know more about the Draconians before some kind of 'assistance' was offered. The Draconians mistook the communication as a refusal, and subsequently destroyed three out of 14 planets in the Lyran system. The Lyrans were basically defenceless. The planets Bila, Teka and Merck were destroyed. Over 50 million Lyran humans were killed.

It is at this point in history that the Draconians began to look at humans as a food source. This is how old the struggle is between the reptilian and human races. Now, I must make the point that not all the reptilian or human races are 'dark'. There is a mix. When we start meeting these races, you are going to have to trust your gut instinct. But, they are coming. Hale-Bopp is on its way here, and it is not a comet.

The Draconians

The Draconians are the force behind the repression of human populations everywhere in this galaxy, instilling fear-based belief systems and restrictive hierarchies.

I asked Morenae about them, and he said, "The Draconian race is probably the most understood race of beings. I have witnessed a deep respect for this race." The Andromedans consider the Draconians the 'ultimate warriors' in a negative sense.

Morenae continued: "The Draconians are the oldest reptilian race in our Universe. Their forefathers came to our Universe from another separate universe or reality system. When this occurred, no one really knows. The Draconians themselves are not really clear on when they got here. The Draconians teach their masses that they were here in this Universe first, before humans, and as such they are heirs to the Universe and should be considered royalty. They find disgust in the fact that humans do not recognise this as a truth. They have conquered many star sys-

tems and have genetically altered many of the life-forms they have encountered.

"The area of the galaxy most densely populated with Draconian sub-races is in the Orion system, which is a huge system, and systems in Rigel and Capella. The mindset or consciousness of the majority of races in these systems is service to self, and, as such, they are always invading, subverting and manipulating less-advanced races and using their technology for control and domination. This is a very old and ancient war, and the peace that does not exist is always being tested by these beings who believe that fear rules and love is weak. They believe that those they perceive to be less fortunate in comparison to them are meant to be slaves. This belief system is promoted at birth in the reptilian races, wherein the mother, after giving birth, will abandon the offspring to fend for themselves. If they survive, they are cared for by a warrior class that uses these children for games of combat and amusement."

So you can see that the reptilians are forever stuck in survival mode. This means they have no boundaries in what they will do to other beings.

Morenae said, "It is ingrained in them never to trust a human. They are taught the Draconian version of the history of the Great Galactic War, which teaches that humans are at fault for invading the Universe, and that humans selfishly wanted the Draconian

society to starve and struggle for the basic materials that would allow them to exist."

Now, there are some real similarities there. The expression, "Draconian thought", is an expression on our world. I would suggest you research that.

On the Subject of Intent

I would like to share something with you that Vissaeus had to say on the subject of intention.

Vissaeus said, "The smallest piece of physicality that all of you and we build upon is what your science calls the atom. You are taught that each single piece of physicality contains electrons, protons and neutrons which attach themselves together to form what you call Nature. Molecules manifest this union to create everything. We would like to expose a flaw in your sciences. Your experts teach that atoms spin unpredictably. Where is the predictable solidity of matter? Where do the elements come from? Your science cannot answer this. They have only theory. Your science presupposes that matter has its source within matter. This is the flaw we want to share with you.

"The true source of all elements of physical matter is *intent*. The intent of the *Is-ness* that makes all things possible has an invisible side, or world, that your sciences are only now begrudgingly looking at for answers. We are pleased to share with you the idea that intent is the primal force of creation. It is the *Is-ness*, whose intent and desire it is to explore and expand Itself in all possible openness, that creates all physical matter on all dimensions. It is this which has made it possible for us, as well, to explore our Selves to completion. Therefore, know this: the first material in creation is the electron. It is the 'tool' to build upon in the creation of physical reality.

"Now, let's look at you, the human. Look at yourself in the mir-

ror. Your physicality is composed of atoms which form into molecules, which then become cells. You are a symphony of electrons, atoms and molecules of intent. All of you are a complex of intents or desires. Many of you walk around and ask for a miracle, when you are in fact *that* which you ask for. From beginning to end, physical matter is a network of intent. The Is-ness spins consciousness into the matter, and then what you have is *life*. What you see and experience is only the smallest part of you, the outer expression of an inner event. The pattern for your human form is created in Spirit, and the body is composed of a collection of intents, each one having a particular function, all geared toward the sustenance of your humanness."

Questions and Answers

Q: Is there some technique you can recommend for self-improvement?

AC: Yes. I was given a meditation or exercise. It's a long story on how I got it out of Morenae, but I was having trouble seeing my inner light. Basically, you get yourself comfortable and go down within

yourself physically and turn yourself inside out from the balls of your feet to the top of your head. Everything on the inside will be then on the outside. Everything on the outside is now on the inside. When you start to see your body upside down, you are on the right track. That has helped me the most. The other thing is quiet time. Make some quiet time for yourself.

Q: If we are going to be going from third density, through fourth density and into fifth, what does it matter if the government is trying to manipulate everything? How is that going to affect us?

AC: The whole point of the manipulation is to try to hold us back.

Q: To prevent us from going into that dimension?

AC: To prevent as many as possible. Now, when we talked about the creation of our Universe and the metaphor of the weight of the regressives, all of those who are not going to be moving into fifth density are going to create another space of consciousness, a universe, and continue to play this game until they get it right.

Q: You said that the Andromedan Council has ordered that all ETs are to be off the planet by 12th August 2003. How

will this affect the alleged aliens coming in terms of Comet Hale-Bopp? Won't these aliens have to leave by that time? How will they get rid of them?

AC: Right. They have not told me how they plan on getting rid of them. I don't know if they know. All they have said is that they will remove all ETs from our planet—by force if necessary.

Q: What do they say about the human propensity to use drugs as a method for invoking altered states of consciousness?

AC: I have asked them about that and they say that it causes a focus on the physical as a method for acquiring spirituality. It is a focus in the wrong direction. Their perspective is that we are already awakened, but 'stuck' on the physical.

Q: From what I can gather, the Andromedans are asking us to question our belief systems about reality and matter.

AC: That's right. We have gotten so stuck in dictating our truth based on experience, instead of creation of our experiences. When we get stuck in the idea of just experiencing things, we get stuck on the idea, "I feel alive because I'm having these experiences". Many people are stuck on survival, and you can get addicted to

survival because you 'feel alive'. You always 'take it to the edge' and you get stuck there. What happens is that you start going around like a hamster on a wheel. All you do is experience survival, and we get stuck in that concept. All you create is survival, survival, survival, survival—round and round and round the circle you go, instead of creating something else.

Q: What we perceive is that we live in a reality of cause and effect, when in fact the truth is that this is a reality of effect and that the cause is outside of this?

AC: Yes.

Q: So the bottom line is that there is no life or intelligence in matter?

AC: Yes. It reflects back to you the value you put on it.

Q: So the idea of altering matter to change our situation is one of the greatest lies perpetrated on humanity, as well as the tendency to look outside of ourselves for the truth?

AC: Yes.

Q: You mentioned before that some of us have, in a sense, come back from the future to "right a terrible wrong". If that is so, then the regressives could also travel back to change things. Couldn't this set up

a 'time loop' that could go on repeating itself?

AC: Yes, but there is one other factor. That is what occurred on 23rd March 1994 when the colour-sound frequency began emanating from the black holes, and that changed all the games and has brought everything to a focal point.

Q: How often are you contacted, and do you try to initiate contact?

AC: I try to initiate it, I really do. Probably once to twice a month. The majority of contacts have been telepathic in the last eight months. The Grey clones and the Pleiadians are in full civil war right now in the Sirius B system. The quarantine around our solar system has been broken and there are skirmishes going on all over the place. Things are heating up. The regressives are reacting big-time because their fear is becoming compressed as their density is compressing. All of their emotions are mirroring back to them.

We are doing that on Earth as well. Many people are starting to get 'buggy'. It's the energy which is compressing on itself. If you are restrictive inside yourself with the energy, it's going to react and come out of you and you are going to lash out. The

Earth is going to be doing this. When we have the *real* earthquakes, where the whole Earth will shudder—and it's going to happen—this is the Earth releasing the negativity that it has been holding onto. The Earth cannot take that low frequency with it into fifth density, so it is going to release it. And it's our own stuff. The Earth will be mirroring back our own stuff.

We are a race of beings living on a planet. We are a race, regardless of the colour of our skin. This is the only planet in our galaxy where all these races live together. This is it, and they've got us warring with each other. We are being duped. Don't turn on each other. We are all we have. When the Andromedans come down here, they don't look at people with different skin colours as different races. They look at us as one race. They are right to do so. ∞
